Frequently Asked Questions (FAQ):

What is the Campus Portal?

Campus Portal is our tool for parents and students to access instant, online, timely and secure student information: class schedule, assignments, attendance, discipline, course registrations for next year, report cards and transcripts.

Campus Portal is a means to further promote educational excellence by enhancing our program of communication with parents and students.

Who is eligible to have a Campus Portal account?

Parents of current students are eligible to activate a Parent Portal account, after agreeing to the terms and conditions of use.

What kind of software or computer is needed to use the Campus Portal?

Computer - any computer capable of running the browser Internet Explorer 5.0 or higher, Macintosh or Windows.

Software - Internet Explorer 5.0 or higher. It is a free download from www.microsoft.com

Internet connection - 56k modem speed or higher is recommended.

A monitor with at least 800x600 resolution is recommended.

How much does the Campus Portal cost?

Nothing. It is a free service to parents, and actually saves the district money by reducing paperwork and labor costs.

Submit

Requesting a Campus Portal Activation Key

Contact your district's administrative offices for instructions on how to obtain an Activation Key.

**CALL your Student's
School office.**

Having problems logging into Campus Portal?

When I try to login the page says *Either your user name or password is not correct. Please try again!*

Be sure that you have typed your login name and password correctly. If you forgot your user name or password, please contact your district's administrative offices.

When I try to login the page says *Your user account has been disabled!*

After 3 unsuccessful login attempts, your user account will be disabled until you contact your district's administrative offices to request reactivation.

Please note that an unsuccessful login attempt will also give you information about your browser, IP address and that the attempt has been logged.

This is part of system security to prevent and document unauthorized access attempts.
