On behalf of the faculty and staff at Louisburg High School I want to welcome you to Wildcat Country. Our goal at LHS is to assist our students to make their four years in high school the springboard to all of their future goals and aspirations. In order to assist them along the way we are committed to challenging all of our students to be the best they can be. Whether they are planning on attending college or entering the workforce after completing their high school experience, we strive to make sure each student is prepared academically, emotionally and socially.

Our teachers have made a commitment to our students to provide the best education possible in a safe and friendly environment. By using the Professional Learning Communities framework, our teachers understand that all students learn in different ways, and it is our responsibility to find which style works best for each student. That is why it should not come as a surprise to anyone that our teachers continue to improve themselves by attending graduate classes and summer institutes on a regular basis.

Our classified staff has also made it their responsibility to maintain a building and a work atmosphere that is top notch. Our secretaries and food staff provide that warm greeting that makes you feel welcome every time you see them, and our custodial staff takes pride in making sure that our building looks as new as the day we moved in.

But the one thing that makes Louisburg High School click is our students. I cannot imagine having the opportunity to work with a better group of students than those at LHS. Whether it is the effort that one may observe in the classroom or the teamwork that is displayed on the stage or the athletic fields, the students at Louisburg High School continue to challenge themselves to work to their highest potential.

Please take the time to explore our website and find out more about what makes Louisburg High School a great place to be a WILDCAT!

Wildcat Proud,

Mr. David H. Tappan
Principal
