

Staff Members trying to log in to Family Access

Example for Janet Dolittle

- Log into Skyward STUDENT with staff credentials.
- Go up to Account tab (top right hand side)

- under Family Access Login for Secured Users

A screenshot of a login form titled 'Family Access Login for Secured Users'. It contains two input fields: 'Family Access Login:' with the value '*FA-MOOREK' and 'Family Access Password:' with a masked password of nine dots. Below the fields is a note: 'The login and password above must be used to access Family Access'.

- Change Password
- Log out and then back in with ***FA-DolittleJ**

Louisburg USD 416
Student Database

A screenshot of the Skyward Student Database login page. It features a 'Login ID:' field and a 'Password:' field, both with empty text boxes. Below the fields is a 'Sign In' button. In the bottom right corner, the version number '05.16.06.00.05' is displayed. At the bottom of the page, there is a 'Login Area:' dropdown menu currently set to 'Family/Student Access'.
